Dear Mr. Aragon	
to NAFTA investor-state	mple. The NAFTA Parties have publicly identified transparency as an essential principle dispute settlement. Transparency applies all the time, not just when it is convenient arties. Generally, information is to be made available to the public unless it meets the dentiality Order.
the reasons set out in o confidential information confidential information	is subject to confidentiality protection. For ur last email to the Tribunal, does not meet the definition of as defined in the Confidentiality Order. As a result, Canada cannot designate nonnas being confidential. The Investor cannot support Canada's proposal about nonnada is asking the Tribunal to suppress the publication of information that does not onfidentiality.
