Subject: PCA Case No 2018-54 Tennant Energy LLC v. Government of Canada - Witness Notification
Date: 21 September 2021 01:30:31

Dear Mr. President and Members of the Tribunal,

The Investor writes further to the terms of *Procedural Order No. 11* to notify the Tribunal of the witnesses/experts it seeks to cross-examine at the upcoming November 2021 jurisdiction hearing. The Investor seeks to examine the following persons who filed statements before this Tribunal: **Lucas McCall** and **Margaret Lodise**.

The Investor also wishes to advise the Tribunal that Mr. Appleton's family matter (the subject of earlier communications) is finally on the path to a positive resolution. While continued specialized hospital care is required, young Mr. Appleton was finally discharged from the pediatric intensive care unit after spending nearly eight and half months there. Fortunately, he continues to make progress on a long path to recovery.

Mr. Appleton, his family, and Tennant Energy thank the Tribunal, the PCA, and counsel for the Respondent for their understanding during this extraordinary time.

Yours very truly,
Nabeela Latif
